

## HOW TO DO A QUERY OF ACTIVE LEADERS

When you are logged into Raiser's Edge navigate to "Query"

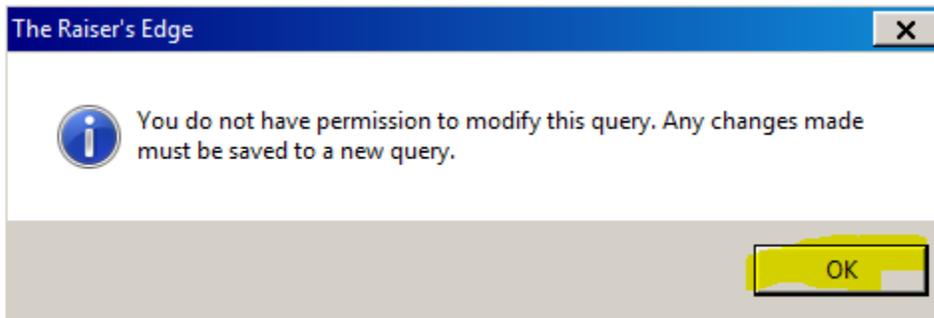

Click on Area Queries, as seen here:

## HOW TO DO A QUERY OF ACTIVE LEADERS

In the Area Queries folder, you will find pre-made queries for Active Leaders in all Areas/entities

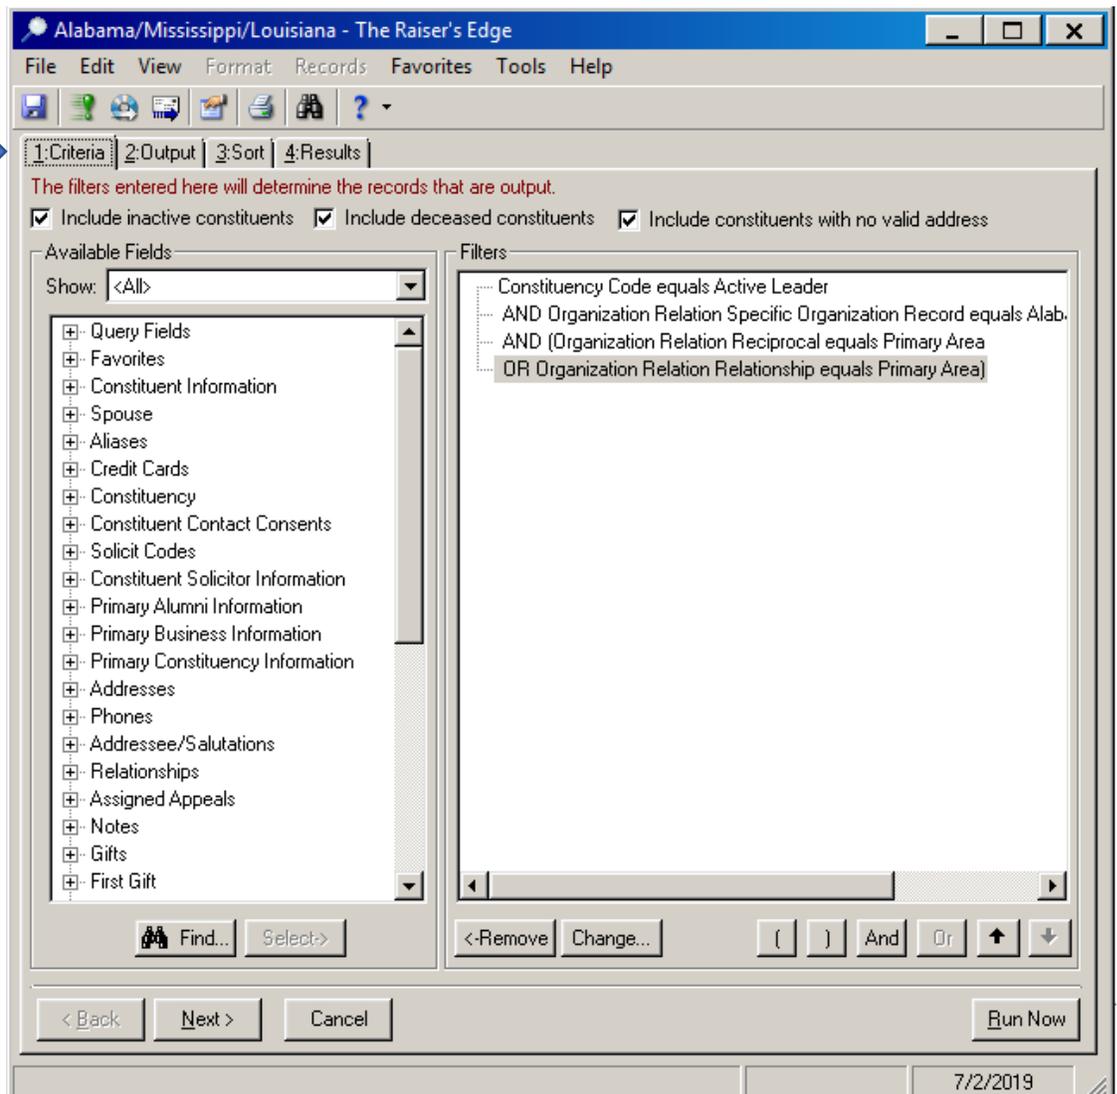

When you click on the Area query you can encounter this box:

That is fine, click on OK.

**TIP:** If you want to change the query make your edits and then on File and Save As with a unique name

This is what the inside of the query looks like:

### This is the Criteria Tab.

This makes up how it will find the people who will make up the list you want to see.

I have it set to see Active Leaders related to the specific record for the Area Alabama/Mississippi/Louisiana

The Leaders connected to Al/Ms/La have their relationships set as reciprocal to their Primary Area.

Since the query is pre-made like this you don't need to make any changes to the Criteria

### This is the Output Tab.

This makes up how you will see your list.

Choose from the list in the left panel and double click on them to move over to the right-side panel.

Here I've chosen Name and Email.

**Helpful tip:** if you want to see a list of emails navigate to Phones, Specific Phones, and then to Email. Choose Email Number.

*Raiser's Edge sees email addresses as Phones.*

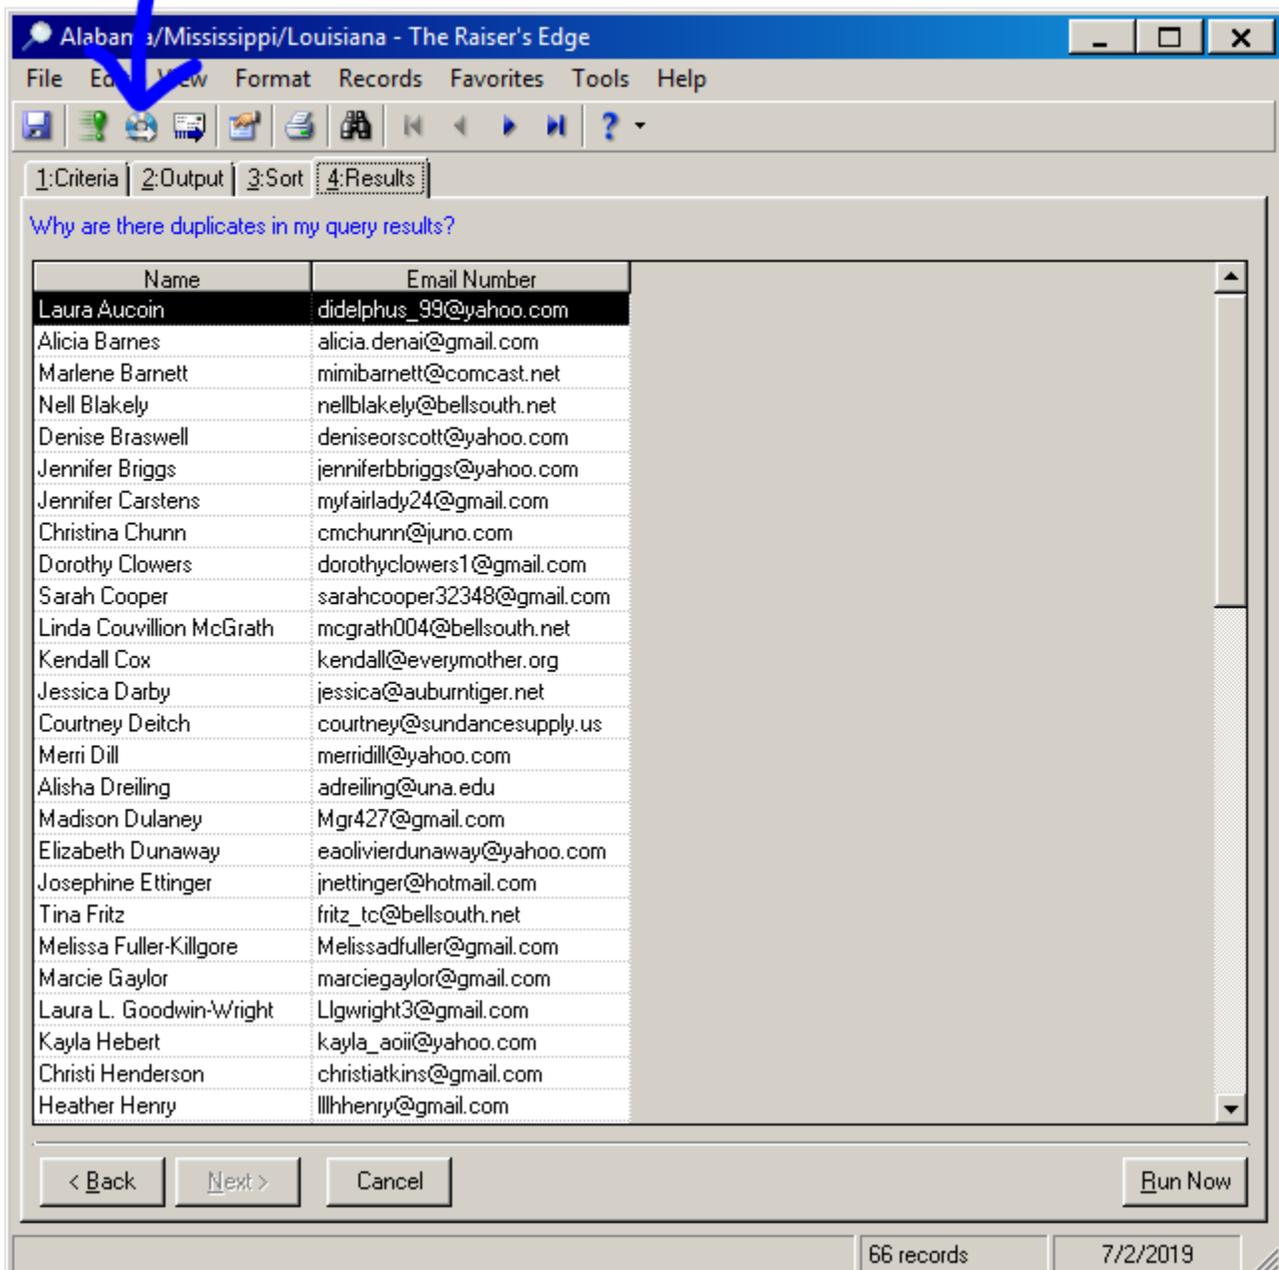

## HOW TO DO A QUERY OF ACTIVE LEADERS

You can choose how to sort your results from the Sort Tab and see all the list of results on the Results Tab

**This is the Results Tab.**

Here is the list. You can export the list by clicking on the little CD icon

You can also open up individual Leader profiles by double clicking on each entry below.
